

Carinya 150 x 20 x 20 x 2mm Zinc Plated Reinforcing Angle Bracket

Description

Carinya 150 x 20 x 20 x 2mm Zinc Plated Reinforcing Angle Bracket is a practical component made from zinc plated steel offering robust structural reinforcement for assembly and construction applications. Its precise dimensions provide consistency and stability for varied tasks, supporting secure connections and frameworks. This angle bracket serves trade professionals with a straightforward design that facilitates easy integration and dependable performance.

Features

- Precision engineered dimensions ensure reliable reinforcement
- Constructed from durable zinc plated steel for longevity
- Zinc plating provides smooth finish and corrosion resistance
- Designed with a reinforcing angle configuration for added strength
- Simple design supports secure fixings in structural applications
- Lightweight construction simplifies handling and installation
- Precision cut for accurate alignment and performance
- Manufactured by Carinya for proven product reliability

Product Code: RAB1502

Dimensions

Product Length (mm)	150
Product Width (mm)	20
Product Height (mm)	20
Product Thickness (mm)	2
Diameter of Fixing Holes (mm)	4.8

Appearance

Product Colour	Zinc Plated
----------------	-------------

Construction

Product Material 1	Zinc Plated Steel
--------------------	-------------------

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
