

Description

Rocket Steel Crimped Wire Wheel 200mm x 25mm is a robust crimped wheel brush designed for precision cleaning and deburring tasks. Its red steel brushes offer reliable performance at speeds up to 4500 RPM while delivering efficient cutting and surface preparation. Trade professionals benefit from its consistent operation and practical design for maintenance and remediation tasks. The brush is suitable for both indoor and outdoor use, ensuring dependable results in varied environments.

Features

- Robust steel construction ensures durability and sustained performance
- Crimped design improves brush consistency and material removal
- Suitable for outdoor and indoor cleaning applications
- High operational speed up to 4500 RPM
- Precision crafted for heavy duty wheel brushing tasks
- Red finish enhances visibility during operation
- Engineered for long-term reliability under continuous use
- Optimised design provides efficient performance with minimal upkeep

Product Code: RB200M

Specifications
