

Rocket Steel Crimped Cup Brush 75mm x M10

Description

Rocket Steel Crimped Cup Brush 75mm x M10 is a red steel crimped cup brush designed for efficient surface finishing and cleaning tasks. It features a robust steel construction with a crimped design that enhances its performance at speeds up to 12,500 RPM. Optimised for precision deburring and polishing, this tool offers consistent results and reliability for trade professionals demanding technical efficiency and durability in their maintenance and fabrication work.

Features

- Constructed from high-quality steel ensures reliable cleaning performance
- Red finish enhances product identification and visual contrast
- Optimised for indoor and outdoor cleaning tasks
- Performs at maximum 12500 RPM for swift material removal
- Cup brush design offers consistent contact with surfaces
- Crimped wire pattern improves wear resistance during extended use
- Precision engineering enhances uniform performance and longevity
- Compact 75mm x M10 design simplifies system integration

Product Code: RBT75.02
