Carinya 126.5 x 19.5mm Zinc Plated Reinforcing Mending Plate

BRACKET DIMENSIONS

Description

Carinya 126.5 x 19.5mm Zinc Plated Reinforcing Mending Plate is crafted from durable steel with a zinc plated finish, designed to provide structural reinforcement. Its precise dimensions support robust repairs and offer dependable strength. Ideal for trade professionals, this mending plate ensures accurate alignment and secure connections in applications where reliable reinforcement is essential. Its construction enhances longevity and performance in practical repair scenarios.

Features

- Reinforcing plate design for secure joint support
- Made from durable steel for lasting performance
- Zinc plated finish extends corrosion resistance in demanding tasks
- Compact design ensures easy installation in various assemblies
- Precision engineering aids accurate alignment and secure fixings
- Versatile for repair and reinforcing tasks
- Precise dimensions at 126.5 x 19.5 mm ensure exact fit
- Robust construction supports longevity and enduring performance

Product Code: RMF126

Dimensions

Product Length (mm)	127
Product Width (mm)	20
Product Height (mm)	2.5
Product Thickness (mm)	2.5
Diameter of Fixing Holes (mm)	5

Appearance

Product Colour	Zinc Plated

Construction

Product Material 1	Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
