Carinya 80 x 40mm Hot Dipped Galvanised Reinforcing Bracket

BRACKET DIMENSIONS

Description

Carinya 80 x 40mm Hot Dipped Galvanised Reinforcing Bracket is a precision-engineered angle bracket constructed from steel with a durable hot dipped galvanised finish. It is designed to provide secure reinforcement in construction and trade applications by offering consistent load distribution and reliable support. The bracket optimises structural integrity in building frameworks, ensuring ease of installation and maintaining the practical benefits required by professionals in advanced construction projects.

Features

- Hot dipped galvanised finish for enhanced durability
- Robust steel construction delivers reliable reinforcement
- Precision 80 x 40mm dimensions ensure exact fit
- Engineered bracket for secure structural connections
- Ensures reliable load distribution across joints
- Precision machining guarantees accurate fit and finish
- Hot dipped galvanising resists corrosion in demanding conditions
- Carinya quality ensures dependable robust bracket performance

Product Code: SAG15

Dimensions

Product Length (mm)	85.6
Product Width (mm)	45.6
Product Height (mm)	40.2
Product Thickness (mm)	4.1
Diameter of Fixing Holes (mm)	12.3

Weights

Load Capacity (kg)	150.0

Appearance

Product Colour	Hot Dipped Galvanised

Construction

Product Material 1	Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
