Carinya 85 x 85mm Hot Dip Galvanised Sturdy Angle Bracket

BRACKET DIMENSIONS

Description

Carinya is a sturdy angle bracket made from high-quality steel with a hot dipped galvanised finish that ensures long lasting durability. The bracket is designed for precise mechanical fixings and reliable structural support in secure assemblies. Its robust build and exact engineering offer dependable performance and ease of installation. Trade professionals benefit from its technical advantages in varied construction and assembly projects, ensuring accurate and stable connections.

Features

- Constructed from robust steel for reliable performance
- Hot dipped galvanised finish prevents corrosive damage
- Sturdy angle bracket design adds assembly stability
- Precision engineered for accurate alignment and secure support
- Simple installation allows fast and secure mounting
- Compact design reduces space requirements during installation
- Durable finish extends component longevity in demanding use
- Carinya quality ensures dependable construction project results

Product Code: SAG31

Dimensions

Product Length (mm)	85
Product Width (mm)	85
Product Height (mm)	40
Product Thickness (mm)	4.5
Diameter of Fixing Holes (mm)	12.3

Appearance

Product Colour	Hot Dipped Galvanised

Construction

Product Material 1	Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
