Carinya 100 x 100 x 50 x 4.5mm Zinc Plated Reinforcing Angle Bracket

BRACKET DIMENSIONS

Description

Carinya 100 x 100 x 50 x 4.5mm Zinc Plated Reinforcing Angle Bracket is constructed from zinc plated steel with a zinc plated finish that ensures durability and effective load distribution. It is designed to secure structural joints efficiently and offers reliable support for construction and fabrication projects. With precise dimensions and a straightforward design, this bracket is a valuable component for industrial and trade professionals seeking consistent performance and enhanced stability in assembled frameworks.

Features

- Robust zinc plated steel construction for enhanced durability
- Precision engineered dimensions for secure metal reinforcement
- Easy installation with precise engineered mounting points
- Uniform zinc plating guards metal surface against corrosion
- Engineered for reliable reinforcement in diverse load-bearing applications
- Durable construction supports secure metal joint reinforcement
- Carinya quality ensures precise fit and reliable performance
- Engineered for straightforward integration with standard metalwork

Product Code: SAZ32

Dimensions

Product Length (mm)	100
Product Width (mm)	100
Product Height (mm)	51
Product Thickness (mm)	4.4
Diameter of Fixing Holes (mm)	12.9

Weights

Load Capacity (kg)	350.0

Appearance

Product Colour	Zinc Plated

Construction

Product Material 1	Zinc Plated Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
