

Carinya 350 x 350mm Galvanised Heavy Duty Brace Stay Bracket

Description

Carinya 350 x 350mm Galvanised Heavy Duty Brace Stay Bracket is constructed from galvanised steel with a hot dipped galvanised finish. It provides robust support through a stayed bracket design, offering precise reinforcement for structural fixings and critical alignments. Engineered for reliable performance, this bracket assists industrial and trade professionals in maintaining secure installations and achieving durable outcomes in various technical applications.

Features

- Galvanised steel construction provides robust structural support
- Hot dipped galvanised finish prevents corrosion and weathering
- Precise dimensions 350 x 350mm ensure accurate fittings
- Heavy duty brace stay bracket improves secure attachments
- Swept design delivers reliable mounting with efficient performance
- Precision engineering enhances load distribution for safe use
- Durable material withstands heavy load and stress
- Carinya quality ensures dependable performance and longevity
