

Carinya 250 x 200 x 30 x 3.5mm Single Galvanised Heavy Duty Stayed Twisted Bracket

Description

Carinya 250 x 200 x 30 x 3.5mm Single Galvanised Heavy Duty Stayed Twisted Bracket is a robust bracket built from galvanised steel and finished with a hot dipped galvanised coating. Designed with a twisted configuration for maximised stability, it offers reliable fixing support for trade professionals. Its heavy duty stayed design ensures secure installation, contributing to improved assembly precision and long-term performance in a variety of technical applications.

Features

- Constructed from rugged hot dipped galvanised steel
- Heavy duty design ensures durable structural support
- Precision-engineered dimensions measuring 250 x 200 x 30 x 3.5mm
- Twisted stay design improves bracket stability
- Single bracket construction for ease of handling
- Engineered for efficient load distribution
- Galvanised finish provides robust rust resistance
- Designed for reliable performance in practical tasks
