

Carinya 300 x 300mm Galvanised Heavy Duty Twisted Stay Bracket

BRACKET DIMENSIONS

Description

Carinya 300 x 300mm Galvanised Heavy Duty Twisted Stay Bracket is a robust support bracket designed for structural applications in construction and similar trades. Manufactured from hot dipped galvanised steel, it offers reliable load-bearing support and secure fixing capabilities. The twisted design enhances strength and precision during installation, making it a practical component for trade professionals seeking durable and technically efficient solutions for various building projects.

Features

- Heavy duty twisted design for robust support
- Made from high strength galvanised steel
- Hot dipped coating enhances corrosion resistance
- 300 x 300mm size complements diverse framing systems
- Reliable structural performance through precision engineering
- Clean design aids fast installation
- Built for long term durability
- Trusted Carinya creation for secure fastening

Product Code: SG2430

Dimensions

Product Length (mm)	298
Product Width (mm)	295
Product Height (mm)	40
Product Thickness (mm)	3.8
Diameter of Fixing Holes (mm)	7

Weights

Load Capacity (kg)	300.0
--------------------	-------

Appearance

Product Colour	Hot Dipped Galvanised
----------------	-----------------------

Construction

Product Material 1	Galvanised Steel
--------------------	------------------

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
