

Product Code: SG2430

Description

Carinya 300 x 300mm Galvanised Heavy Duty Twisted Stay Bracket is a robust support bracket designed for structural applications in construction and similar trades. Manufactured from hot dipped galvanised steel, it offers reliable load-bearing support and secure fixing capabilities. The twisted design enhances strength and precision during installation, making it a practical component for trade professionals seeking durable and technically efficient solutions for various building projects.

Features

- Heavy duty twisted design for robust support
- Made from high strength galvanised steel
- Hot dipped coating enhances corrosion resistance
- 300 x 300mm size complements diverse framing systems
- Reliable structural performance through precision engineering
- Clean design aids fast installation
- Built for long term durability
- Trusted Carinya creation for secure fastening
