

**Product Code: SHB125**

## Description

Carinya 125 x 150mm Black Angle Bracket is made from powder coated steel that ensures a consistent black finish and long-lasting structural support. It is engineered for secure mounting in construction and mechanical assemblies requiring precise alignment and stability. The bracket delivers reliable performance and ease of installation, offering trade and industrial professionals technical benefits and consistent results in a variety of applications.

## Features

- Robust powder coated steel ensures long lasting performance
- Precision engineered design for accurate and secure positioning
- Distinct black finish integrates with diverse installation layouts
- 125 x 150mm dimensions suit many bracketing applications
- Engineered for efficiency and ease of mounting
- Carinya quality guarantees reliable performance over time
- Simple installation supports time saving on project sites
- Durable finish withstands regular use in challenging applications
