

Description

Precision Brand Steel Shim in a Box 12"x120"x0.005" 1008 to 1010 Steel provides a reliable shim roll solution for precision alignment tasks. Constructed from 1008 to 1010 full hard steel with a silver finish, it offers practical advantages in measurements and adjustments. Its sturdy design and compact storage format support accurate deployment in controlled environments, assisting professionals with precise gap management in engineering and technical projects.

Features

- Engineered from 1008 to 1010 full hard steel
- Compact box design for organised, ready-to-use shims
- Precision manufacture guarantees accurate tolerances for secure fit
- Roll dimensions suit fine alignment and gap adjustment
- Durable silver finish resists indoor environmental wear
- Measured in imperial units for clear, standard reference
- Engineered precision ensures repeatable, reliable shim placement
- Easy storage and selection from ready-to-use shim roll

Product Code: SHIM16330
