

Description

Precision Brand Steel Shim in a Box 6"x100"x0.008" 1008 to 1010 Steel is a precise solution designed for careful adjustments in technical applications. The Silver shim roll, made from 1008 to 1010 full hard steel, delivers consistent measurement reliability for alignment tasks and fine spacing work. Its compact, roll-in-a-box design provides easy handling and storage, supporting users in achieving accurate setups essential for maintenance and fabrication projects in trade environments.

Features

- Constructed from premium 1008 to 1010 full hard steel
- Shim roll designed for repeatable precision in compact storage
- Silver finish enhances visibility during technical assembly processes
- User friendly design simplifies setup and manoeuvring
- Box packaging ensures secure transport and practical organisation
- Meets technical demands with standard imperial unit measurements
- Suitable inner packaging protects shim roll integrity during handling
- Precision Brand quality supports reliable and consistent assembly

Product Code: SHIM16395

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
Unit of Measure	Imperial

Appearance

Product Colour	Silver
