

Description

Precision Brand Steel Shim in a Box 12"x120"x0.012" 1008 to 1010 Steel is a precisely engineered shim roll designed for effective gap management in assembly tasks.

Constructed from hard steel with a silver finish, it ensures consistent performance and reliability in precision setups. The product provides a practical solution for making fine adjustments, helping professionals achieve tight tolerances and alignment in various measurement-sensitive applications using imperial units.

Features

- Constructed from 1008 to 1010 full hard steel
- Engineered 12x120x0.012 inch dimensions for exact fit
- Distinct silver finish for clear product identification
- Shim roll packaged securely in robust compact box
- Streamlined design facilitates precise spacing and alignment
- Crafted from durable steel to maintain high tolerances
- Engineered for accurate, repeatable adjustments in assembly settings
- Precision shimming designed for exact assembly adjustments

Product Code: SHIM16490

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
Unit of Measure	Imperial

Appearance

Product Colour	Silver
