

Description

Precision Brand Steel Shim in a Box 6"x100"x0.020" 1008 to 1010 Steel provides a set of shims engineered from high-quality 1008 to 1010 full hard steel for precise alignment and gap filling tasks. Designed for accurate measurement and adjustment, these silver shims enable professionals to maintain component integrity and achieve consistent calibration. The practical box design ensures organised storage and ease of application in technical setups.

Features

- Durable 1008 to 1010 full hard steel construction
- Ready for precise adjustments with consistent shim thickness
- Compact shim roll housed in a convenient box
- Engineered for accurate and efficient shimming
- Precise dimensions in imperial measurements for ease installation
- Silver finish enhances visual identification
- Boxed design simplifies storage and retrieval
- Designed for practical application in precision settings

Product Code: SHIM16590
