

Description

Precision Brand Brass Shim 12"x120"x0.001" is a shim roll designed for precision alignment and dimensional adjustments in various applications. Constructed from 260 Half Hard Brass, it delivers consistent performance in both indoor and outdoor conditions. The brass construction offers durability and resistance to wear, ensuring reliable and accurate fitting for trade professionals. Its roll-in-a-box design facilitates controlled dispensing and easy handling during set-ups.

Features

- Precision brass shim roll housed in a durable secure box
- Made from 260 half hard brass for enhanced longevity
- Provides accurate gap adjustments with precise imperial measurements
- Stored in a compact box for organised workspace management
- Brass colour aids visual identification in diverse applications
- Engineered with consistently rolled dimensions for exact fit
- Simple design enables quick selection and proper installation
- Robust build supports frequent handling and accurate alignment
