

Description

Precision Brand Brass Shim in a Box 6"x100"x0.010" consists of shim rolls crafted from 260 Half Hard Brass for accurate gap measurement and adjustment tasks. The brass construction and imperial sizing support precise alignment and calibration in both indoor and outdoor settings. Built with a focus on robust engineering and consistent performance, it offers clear technical benefits and reliability to trade and industrial professionals engaged in exact measurement and adjustment requirements.

Features

- Precision BRAND design ensures smooth shims for multiple applications
- Brass construction delivers superior strength and prolonged performance
- Innovative roll in a box for easy storage and transport
- Measured in Imperial units for project integration
- Brass finish enhances visibility in diverse work environments
- Accurate dimensions of 6x100x0.010 simplify gap adjustments
- Engineered for straightforward alignment and repeatable precision
- Designed with robust material for long lasting accuracy

Product Code: SHIM17415
