

Description

Precision Brand Brass Shim 6"x100"x0.020" is a practical roll-in-a-box designed for precise adjustment and level alignment. Manufactured from 260 Half Hard Brass, it offers dependable, stable support for professionals in industrial and trade sectors. The shim facilitates quick installation and accurate adjustments in technical projects and repair tasks. Suitable for both outdoor and indoor applications, it contributes to efficient assembly, ensuring structural integrity and performance in various projects.

Features

- Precision 260 half hard brass ensures long lasting durability
- Accurate shim dimensions in imperial size for precise adjustments
- Roll-packed shims in a secure box format
- Brass finish enhances visual clarity and identification
- Engineered for reliable use indoors and outdoors
- Simple design promotes quick identification and access
- Precise box packaging minimises shim handling errors
- Innovative storage box maintains orderly shim roll arrangement
