

Description

Precision Brand Brass Shim 6"x100"x0.031" is a shim roll in a box constructed from 260 Half Hard Brass, designed to deliver consistent shim thickness for precision gap adjustments. It provides tradespeople with a reliable solution for measuring tolerances and aligning equipment. The product's imperial dimensions ensure precise control and ease of integration into regular technical tasks, making it a practical tool for indoor and outdoor applications across various mechanical and assembly processes.

Features

- Constructed from 260 Half Hard Brass for robust performance
- Brass finish provides longevity and rust resistance
- Convenient box design simplifies storage, handling and organisation
- Ribbon style roll enables precise application and custom spacing
- Precision manufacturing delivers consistent shim thickness every roll
- Imperial measurements enable precise fits in technical adjustments
- Brass shim roll retains its properties under diverse environmental conditions
- Designed with simplicity for straightforward storage and use

Product Code: SHIM17535

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Unit of Measure	Imperial

Appearance

Product Colour	Brass
----------------	-------

Construction

Product Material 1	260 Half Hard Brass
--------------------	---------------------

Weights

Product Weight (grams)	2,780.57
Product Weight (kg)	2.78057
