

Description

Precision Brand Shim in a Box 6"x50"x0.008" 302 Stainless Steel is a precision solution designed for implementing fine adjustments in various assemblies. The shim is crafted from durable 302 stainless steel with a sleek silver finish, providing accurate gap compensation across mechanical setups. Suitable for both indoor and outdoor applications, its compact packaging within a box ensures ease of storage and transport, making it a practical tool for trade professionals seeking reliable and consistent performance.

Features

- Constructed from 302 stainless steel
- Pre-cut shims neatly stored in integrated box
- Precise dimensions 6 x 50 x 0.008 inches
- Silver finish offering clean corrosion resistant aesthetics
- Compact design supports ease in measuring and placement
- Engineered for accuracy with consistent shim thickness
- Easy identification of precise dimensions enhances workflow
- Lightweight packaging simplifies transport and storage on site
