

Description

Precision Brand Stainless Steel Shim in a Box 6"x50"x0.010" 302 Stainless Steel is designed for precise calibration tasks and measurement adjustments across various projects. Constructed from 302 stainless steel, its design ensures durability and consistent shim performance. The product provides practical value by helping trade professionals achieve accurate tolerances and reliable fittings in technical applications both indoors and outdoors.

Features

- 302 stainless steel shim roll ensures robust accuracy and durability
- Compact storage design with simple shim in a box
- Silver finish provides high visibility and easy identification
- 6-inch x 50-inch x 0.010-inch dimensions support precise applications
- Precision engineered for accurate shim thickness control
- Versatile design suited for indoor and outdoor use
- Imperial measurements ensure compatibility with existing precision tools
- Durable construction supports repeated use in tight setup tasks

Product Code: SHIM22320
