

Description

Precision Brand Shim in a Box 12"x50"x0.020" 302 Stainless Steel is a precision tool designed for achieving accurate spacing and alignment. Its silver-coloured 302 stainless steel construction ensures durability and resistance to outdoor and indoor conditions. Ideal for trade professionals, it offers consistent shim thickness for precise adjustments and measurements, ensuring reliable performance in various technical applications and fabrication tasks while enhancing overall efficiency in construction and maintenance projects.

Features

- Robust 302 stainless steel construction ensures long-lasting durability
- Shim roll conveniently packed in a compact storage box
- Engineered for indoor and outdoor use
- Guaranteed 0.020 inch thickness enables precise shimming
- Distinct silver finish for easy colour identification
- Imperial measurements ensure familiarity with standard projects
- Corrosion-resistant stainless steel construction withstands wear
- Engineered for dependable, precise shimming results

Product Code: SHIM22400
