

Precision Brand Slotted Shim 125x125mmx2.00mm 41mm 300 Stainless Steel - 10 Piece

Description

Precision Brand Slotted Shim 125x125mmx2.00mm 41mm 300 Stainless Steel - 10 Piece is designed for precise component alignment and gap management in mechanical assemblies. Made from 300 stainless steel with a silver finish, this shim offers consistent dimensional accuracy and robust performance. Its slotted design supports controlled installation, ensuring efficiency and stability in machining and assembly tasks while meeting the exacting standards required by trade professionals.

Features

- Precision Brand quality built for precise component alignment
- Constructed in 300 stainless steel for long-lasting corrosion resistance
- Slotted design facilitates accurate spacing of assembly parts
- Dimensions 125 x125 mm with a 2 mm thickness profile
- Suitable for indoor and outdoor usage in various installations
- Pack contains 10 precision-made shims for repeatable performance
- Engineered for tight tolerances and consistent construction
- Measurement units follow metric system for straightforward integration

Product Code: SHIM81550

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Unit of Measure	Metric

Appearance

Product Colour	Silver
