

Product Code: SHW125

Description

Carinya 125 x 150mm White Angle Bracket is crafted from powder coated steel with a white finish for enduring performance. It is designed for trade professionals requiring reliable support and precise load placement in various fixed installations. Its robust construction and practical design facilitate secure mounting and effective load distribution in production and maintenance settings, ensuring a dependable solution for everyday structural applications.

Features

- Constructed from premium powder coated steel ensuring robust durability
- Precision 125 x 150mm design offers consistent load distribution
- White finish provides high visibility for assembly alignments
- Engineered for secure mounting and reliable structural support
- Manufactured by Carinya with industry expertise and precision tooling
- Powder coated finish enhances corrosion resistance and longevity
- Suitable for dependable joinery in varied assembly configurations
- Optimised design facilitates quick, accurate installations
