

Description

Easyroll Roller Skate 15T is built with a robust steel frame and wheels, offering durable performance on both indoor and outdoor surfaces. The grey design provides a practical mobility solution for trade professionals, ensuring steady and controlled movement. Made for tasks where efficiency and precision are crucial, these roller skates deliver reliable functionality. The straightforward engineering supports smooth operation, making them a valuable tool for professionals seeking dependable performance in their daily work.

Features

- Robust steel frame enhances durability and performance
- Steel wheels deliver reliable traction and steady motion
- Dual-use design for indoor and outdoor activity
- Professional grey finish adds a refined modern style
- Stable build provides smooth operation at varied speeds
- Engineered for comfort with well-balanced mechanical design
- Lightweight yet strong construction aids agile manoeuvring
- Precision engineering meets practical performance requirements

Product Code: SKATE15TR

Specifications

Hardware Included	No
Outdoor Use	Yes
Indoor Use	Yes

Appearance

Product Colour	Grey
----------------	------

Construction

Wheel Material	Steel
Frame Material	Steel

Dimensions

Product Height (mm)	75
Product Width (mm)	110
Product Length (mm)	215

Weights

Product Weight (grams)	6,900
Product Weight (kg)	6.9
Load Capacity kg	15000.0
