

Easyroll 4.00x8" Flat Free Wheel 1" Bearing 200kg

Description

Easyroll 4.00x8" Pneumatic Flat Free Wheel 1" Bearing 200kg is engineered for smooth movement and precise load transfer in professional settings. The pneumatic wheel is built with a robust steel core, a pneumatic outer structure and a ball bearing hub that delivers steady performance during equipment relocation. Its black and white design offers clear visual contrast and practical durability for trade professionals, ensuring consistent operation in both indoor and outdoor applications.

Features

- Pneumatic wheel design ensures smooth shock absorbing mobility
- Robust steel wheel core offers secure structural support
- Durable black and white finish enhances clear visibility
- Steel ball bearings reduce friction during movement
- All metal hub construction provides enhanced durability
- Versatile design supports both outdoor and indoor tasks
- Engineered for flat free performance through reliable design
- Quality Easyroll pneumatic wheels deliver precise rolling control

Product Code: SPW4.00-

Specifications

Bearing Type	Ball Bearing
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No

Weights

Load Capacity kg	220.0
------------------	-------

Appearance

Product Colour	Black/White
----------------	-------------

Construction

Wheel Core Material	Steel
Wheel Material	Pneumatic
Bearing Material	Steel
Hub Material	Steel

Dimensions

Tread Width	80
Axle Bore ID (F)	25.5
Wheel Width (C)	100
Wheel Diameter (A)	390

Weights

Product Weight (grams)	4391
Product Weight (kg)	4.391
