Description

Carinya 400 x 300mm Galvanised Heavy Duty Straight Stay Bracket is designed for securing and supporting structures with reliable performance in demanding conditions. Crafted from high-quality galvanised steel, it offers excellent strength and corrosion resistance. The hot dipped galvanised finish enhances durability and longevity. Its clear, practical design facilitates easy installation and integration within various building frameworks, providing a dependable solution for trade professionals.

Features

- Manufactured from durable hot dipped galvanised steel
- Designed with heavy duty load-bearing construction
- Precision engineered for secure straight stay installation
- Features a robust build and high stability
- Galvanised finish offers enhanced corrosion resistance
- Compact dimensions of 400 x 300mm for efficient use
- Engineered for practical performance under heavy load
- Reliable construction ensuring secure long lasting application

Appearance

Product Colour	Hot Dipped Galvanised
----------------	-----------------------

Construction

Product Material 1	Galvanised Steel
--------------------	------------------

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
