

Carinya 500 x 400mm Galvanised Heavy Duty Straight Stay Bracket

Description

Carinya 500 x 400mm Galvanised Heavy Duty Straight Stay Bracket is a structural component designed for fixed anchoring solutions. Made from galvanised steel with a hot dipped galvanised finish, it provides dependable support and accurate alignment for a range of projects. The bracket is built for secure and consistent performance, offering trade professionals a reliable element for various structural installations and maintenance tasks.

Features

- Hot dipped galvanised steel construction provides corrosion resistance
- Heavy duty design supports reliable load-bearing performance
- 500 x 400 mm size suits various structural applications
- Straight design ensures secure and rigid connections
- Engineered for heavy straight stays with ease
- Precision formed for optimal alignment and load distribution
- Reliable mechanical fastenings integrate with structural designs
- Robust engineering delivers reliable performance for demanding projects
