

Description

Carinya 250 x 200mm Zinc Heavy Duty Plated Twisted Stay Bracket is designed to provide robust structural support for a variety of construction and trade applications. Made from zinc plated steel, it features a twisted design that offers precise alignment and secure assembly. Its zinc plated finish enhances durability and wear resistance, ensuring dependable performance in tasks that require reliable load distribution and reinforcement for engineered structures.

Features

- Durable zinc plated steel ensures reliable performance
- Heavy duty finish adds extra load-bearing strength
- Zinc finish provides enhanced corrosion protection
- Sturdy bracket design enables secure mounting
- Simple installation accommodates varied connection approaches
- Engineered to precise dimensions for accurate placement
- Zinc plated construction resists rust and wear
- Engineered design supports secure load distribution
