

Product Code: SZ30

Description

Carinya 400 x 350mm Zinc Plated Heavy Duty Twisted Stay Bracket is a purpose-engineered product crafted from zinc plated steel for secure fastening and reliable support. It is designed to provide durability and stability in construction and trade settings. Professionals value its precise dimensions, robust structure and corrosion-resistant finish. The twisted design facilitates even load distribution and a straightforward installation process, making this stay bracket a practical solution for various technical applications.

Features

- Heavy duty twisted design ensures robust structural support
- Zinc plated steel construction resists corrosion and wear
- 400 x 350mm size suits a range of applications
- Precision engineering supports secure and stable installations
- Zinc plating delivers attractive durable finish
- Carinya quality assures reliable performance in any application
- Twisted structure offers improved load distribution capacity
- Versatile design enhances integration within various structural systems
