

SIT Stainless Steel Crimped Cup Brush 100mm x 5/8" & M14

Description

SIT Stainless Steel Crimped Cup Brush 100mm x 5/8" & M14 is a precision-engineered tool designed for accurate cleaning, deburring and surface preparation in metal fabrication. It incorporates stainless steel bristles arranged in a crimped configuration to maintain steady performance at speeds up to 8500 RPM. The silver and green finish complements its robust build, offering trade professionals a reliable solution for demanding maintenance tasks both indoors and outdoors.

Features

- Durable stainless steel bristles deliver reliable cleaning performance
- Crimped wire construction offers consistent cleaning functionality
- Precise design improves brush-to-surface contact
- Versatile for indoor and outdoor cleaning tasks
- Operates at maximum 8500 RPM for high cleaning output
- Quality stainless steel withstands wear and corrosion
- Silver and green finish provides clear product identification
- Crimped cup design offers even brush distribution

Product Code: T100SSMULTI
