

SIT Brass Crimped Cup Brush 75mm x M14

Description

SIT Brass Crimped Cup Brush 75mm x M14 provides a sturdy, precisely engineered tool for cleaning and surface preparation tasks in various technical applications. It is designed for efficient removal of contaminants using a robust brass composition and crimped wire construction that supports both indoor and outdoor use. The brush offers high-speed operation with a maximum RPM of 14000 and a distinct colour combination that assists trade professionals in precise, effective work.

Features

- Made with brass material providing robust durability
- Crimped wire structure offers secure cup brush retention
- Suitable for both indoor and outdoor applications
- Mechanical performance up to 14000 revolutions per minute
- Available in brass silver red finish
- Precision engineering ensures consistent performance in demanding tasks
- Compact 75mm size with M14 thread connection
- Designed with crimped cup brush for efficient cleaning

Product Code: T80.03BRS
