

SIT Steel Crimped Cup Brush 90mm x M14

Description

SIT Steel Crimped Cup Brush 90mm x M14 is engineered for efficient metal surface cleaning and finishing applications. It features a durable red and silver crimped steel design that withstands high rotational speeds up to 12200 RPM. This tool is tailored to meet the technical requirements of professionals seeking reliable performance for precise material removal. Its balanced construction and optimised design enhance operational accuracy in various processing tasks.

Features

- High-speed performance supports speeds up to 12200 rpm
- Engineered with red and silver steel for durability
- Crimped wire design ensures uniform abrasive performance
- Suitable for both indoor tasks and outdoor projects
- 90mm brush head offers precision finishing in various applications
- Standard M14 thread simplifies installation without added hardware
- Engineered for efficient surface preparation during maintenance operations
- Built to withstand demanding tasks with extended operational life

Product Code: T90

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Max RPM	12200
Wire Style	Crimped Wire

Appearance

Product Colour	Red/Silver
