

Description

Easyroll All Terrain No Mat Dolly 150kg is built from plywood, rubber and steel to provide reliable transport for heavy loads in both commercial and trade settings. The plywood deck offers sturdy support, while the steel wheel core with rubber wheels and ball bearing systems facilitates smooth and controlled manoeuvring. It serves as a practical solution for moving equipment and materials efficiently, combining durability with ease of maintenance for professional operations.

Features

- Constructed with plywood deck and robust steel frame
- Equipped with rubber wheels backed by bearing steel
- All terrain design supports indoor and outdoor movement
- Ball bearing wheels ensure smooth and stable motion
- Engineered for high load capacity and practical handling
- Designed with durable materials for reliable long term use
- Rubber surfaces provide sturdy grip on varied floor finishes
- Includes all necessary hardware for straightforward assembly

Product Code: TATD150NM

Specifications

Hardware Included	Yes
Outdoor Use	Yes
Indoor Use	Yes
Assembly Required	No
Bearing Type	Ball Bearing

Appearance

Product Colour	Grey/Black
----------------	------------

Construction

Deck Material	Ply wood
Wheel Core Material	Steel
Wheel Material	Rubber
Bearing Material	Bearing Steel

Dimensions

Product Length mm	900
Product Width mm	600
Product Height mm	320
Swivel Radius mm	1200
Deck Thickness (mm)	20

Weights

Product Weight (kg)	18.6
Load Capacity kg	150.0
