

Product Code: TFG200RU15

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Roller Bearing
Raceway Type	N/A
Brake Type	Total
Attachments	Plate Swivel Total Brake

Appearance

Product Colour	Black/Silver
----------------	--------------

Construction

Wheel Core Material	Nylon
Wheel Material	Thermoplastic Rubber
Housing Material	Stainless Steel
Bearing Material	Stainless Steel

Description

Colson 200mm Black Rubber Fixed Plate TF Series Castor 535kg. Designed for professional applications, this castor features a stainless steel housing and roller bearings that ensure reliable performance. Its thermoplastic rubber wheel with a nylon core offers effective load handling and improved durability. The fixed plate design with a total brake provides secure control and ease of use across various settings, making it a practical solution for trade professionals requiring consistent mobility and safety.

Features

- Durable castor with total braking plate swivel configuration
- Stainless steel housing and bearing for enhanced load capacity
- Thermoplastic rubber wheel provides reliable traction and durability
- Nylon core ensures consistent performance under load
- Designed for both indoor and outdoor application flexibility
- Roller bearings facilitate smooth manoeuvrability and reduced friction
- Black and silver finish provides a professional clean appearance
- Plate mount fitting ensures straightforward installation for users
