

Description

Easyroll Hydraulic Scissor Lift Table 350kg is a hydraulic scissor trolley constructed with a durable steel frame and fitted with ball bearings. It features a black and grey finish and an integrated hardware package, providing a robust solution for precise and reliable load manipulation in indoor settings. The design addresses heavy load requirements efficiently, supporting ease of movement and safe handling for trade professionals seeking practical lifting assistance.

Features

- Hydraulic system enables controlled smooth lifting
- Compact scissor design for improved manoeuvrability
- Durable steel frame supports elevating 350kg loads
- Ball bearing units reduce friction during movement
- Inclusive hardware simplifies setup and serviceability
- Optimised design offers user friendly control and maintenance
- Black and grey finish provides a professional appearance
- Engineered for high reliability through robust hydraulic mechanisms

Product Code: THLT350H

Dimensions

Product Height (mm)	265
Product Width (mm)	500
Product Length (mm)	810
Handle Height (mm)	960

Weights

Product Weight (kg)	94
Load Capacity (kg)	340.0

Specifications

Bearing Type	Ball Bearing
Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes

Appearance

Product Colour	Black/Grey
