

Easyroll 1.5M Hydraulic Platform Stacker 400kg

Description

Easyroll 1.5M Hydraulic Platform Stacker 400kg features a hydraulic scissor trolley with a steel frame and ball bearing system that delivers smooth, reliable movement. It is designed for efficient load handling and stacking applications, suitable for both indoor and outdoor environments. Its robust construction and precise hydraulic mechanism offer technical advantages to trade professionals who require a dependable solution for transporting and positioning goods in busy operational contexts.

Features

- Hydraulic scissor mechanism delivers reliable precise lifting control
- Robust steel frame supports frequent stacking and movement
- Smooth ball bearing wheels ensure consistent quiet manoeuvring
- Grey finish presents a sleek professional external appearance
- Suitable for both indoor and outdoor operations
- Compact design optimises workspace without compromising load stability
- Easy maintenance thanks to accessible hydraulic components
- Engineered construction withstands demanding everyday use

Product Code: THPS400X1.5

Dimensions

Product Height (mm)	1000
Product Width (mm)	550
Handle Height (mm)	1100
Toe Plate Dimensions (mm)	650X550

Weights

Product Weight (kg)	91
Load Capacity (kg)	400.0

Specifications

Bearing Type	Ball Bearing
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
