

SIT Stainless Steel Twist Knot Cup Brush 120mm x M14

Description

SIT Stainless Steel Twist Knot Cup Brush 120mm x M14 is engineered with a twist knot wire design and stainless steel material for controlled surface finishing tasks. It offers a reliable solution for technical cleaning applications, suitable for both indoor and outdoor use. The brush operates efficiently at up to 6000 RPM, providing consistent performance and precise material removal. Its robust construction meets the practical requirements of trade professionals seeking dependable tools for routine maintenance.

Features

- Precision stainless steel twist knot brush ensures efficient material removal
- High-speed design operates up to 6000 revolutions per minute
- Durable silver and green finish improves instrument longevity
- Smooth twist knot wire for effective deburring at high speeds
- Suitable for both outdoor and indoor operational applications
- Robust stainless steel material supports consistent manufacturing demands
- Crafted for precision work in material processing tasks
- Engineered design enhances twist knot performance with minimal vibration

Product Code: TU131SS
