

Rocket Steel Twist Knot Wheel 100mm x M22.2

Description

Rocket Steel Twist Knot Wheel 100mm x M22.2 is manufactured by ROCKET. It features a silver twist knot design constructed from durable steel brush material with a steel wire style, delivering performance up to 12500 RPM. Suitable for both outdoor and indoor cleaning tasks, the wheel brush is designed with precision dimensions to ensure consistent quality and efficient operation across various technical applications. The product provides reliable and effective cleaning assistance, enhancing operational efficiency.

Features

- Manufactured with high-tensile steel twist knot formation
- Silver finish offers a clean and professional appearance
- Designed for both indoor and outdoor applications
- Operates at up to 12500 rpm
- Wire style crafted from resilient steel for improved longevity
- Twist knot design enhances cleaning and deburring performance
- Engineered construction improves brush stability during operation
- Efficient brush design enhances maintenance and finishing tasks

Product Code: U101.5
