

Rocket Steel Twist Knot Wheel 125mm x M22.2

Description

Rocket Steel Twist Knot Wheel 125mm x M22.2 is a twist knot wheel brush designed by ROCKET. It features a silver finish with steel construction for reliable performance at speeds up to 12500 RPM. Suitable for precision cleaning and surface finishing tasks, it offers efficiency for trade professionals seeking effective maintenance of various materials in both outdoor and indoor settings. The brush is engineered for optimal durability and consistent results during routine operations.

Features

- Rated up to 12500 RPM for heavy-duty performance
- Precision engineered twist knot design for uniform abrasion
- Manufactured using robust steel brush material for lasting durability
- Silver finish resists tarnishing under varied usage conditions
- Suitable for both indoor and outdoor applications
- Wire style engineered for precise material removal
- Designed for high material throughput and sustained operation
- Ideal design supports strong performance and user confidence

Product Code: U125
