Description

Rocket Steel Twist Knot Wheel 200mm x M22.2 is a twist knot wheel brush that utilises steel wires for effective cleaning and surface preparation in a variety of applications.

Constructed with robust steel brushes, it provides dependable performance at up to 8500 RPM in outdoor as well as indoor scenarios. Built to address routine challenges, it helps trade professionals achieve consistently maintained surfaces while optimising operational efficiency in demanding settings.

Features

- Precision twist knot design for effective surface grooming
- High-performance steel bristles tolerating up to 8500 RPM
- Constructed from durable steel for reliable long-term use
- Suitable for both indoor and outdoor maintenance tasks
- Silver finish enhances engineering appeal for refined applications
- Engineered for efficient performance with high rotational speeds
- Twist knot wheel integrates design, durability and performance in one
- Rocket brand ensures quality craftsmanship and detailed engineering
