

Easyroll 200mm Cast Iron Wheel Roller Bearing 1150kg

Description

Easyroll 200mm Cast Iron Wheel Roller Bearing 1150kg is a TG/TH Series Castor designed for precise manoeuvrability and load distribution. The grey-coloured product features a heavy duty carbon wheel and carbon roller bearings, supported by a robust carbon steel hub. Its construction provides reliable performance across various applications. Trade professionals appreciate its practical design and consistent operational efficiency for both indoor and outdoor use.

Features

- Robust carbon components for wheel, core and bearing
- Durable carbon steel hub provides structural stability
- Heavy duty roller bearing ensures smooth movement
- Engineered for 1150kg load support
- Castors suitable for indoor and outdoor usage
- TG/TH Series design delivers reliable caster performance
- Heavy duty wheel optimises handling and manoeuvrability
- Precision crafted by Colson for practical ease of use

Product Code: W200X60CI15

Specifications

Bearing Type	Roller Bearing
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No

Weights

Load Capacity kg	1150.0
