

Easyroll 125mm Nylon Wheel Plain Bearing 100kg

Description

Easyroll 125mm Nylon Wheel Plain Bearing 100kg is a stainless steel wheel featuring a silver/white finish with a nylon wheel core and hub and a ball bearing system. It is engineered for precise load movement and reliable mobility for industrial and trade professionals. High-quality components support enhanced durability and smooth rotation. The product accommodates both indoor and outdoor use, offering a practical solution for various controlled applications in professional operational settings.

Features

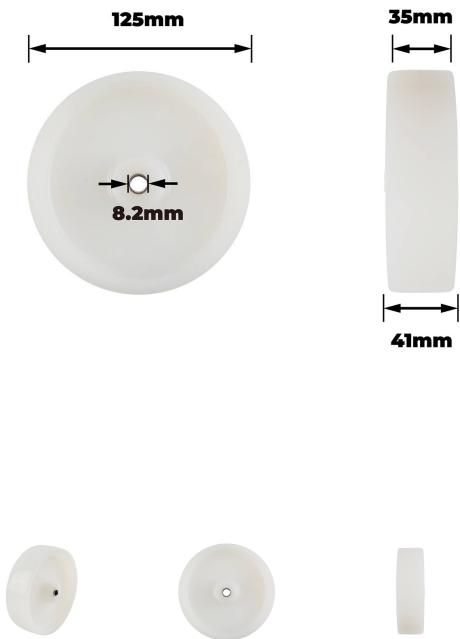

- Stainless steel ball bearings ensure smooth rotational movement
- Nylon construction delivers reliable durability under load
- Silver white finish presents a clean professional look
- Wheel core and hub manufactured in robust nylon material
- Easy assembly provided by included hardware components
- 125mm wheel offers balanced load distribution
- Engineered for precise performance in demanding applications
- Ball bearing design supports smooth and controlled rotation

Dimensions

Tread Width	35
Axle Bore ID (F)	8.2
Wheel Width (C)	32
Wheel Diameter (A)	125

Weights

Product Weight (grams)	278
Product Weight (kg)	0.278

Product Code: W48G125SS

Specifications

Bearing Type	Ball Bearing
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	Yes

Weights

Load Capacity kg	100.0
------------------	-------

Appearance

Product Colour	Silver/White
----------------	--------------

Construction

Wheel Core Material	Nylon
Wheel Material	Nylon
Bearing Material	Stainless Steel
Hub Material	Nylon
