

Easyroll 100mm Urethane Wheel Precision Bearing 320kg

Description

Easyroll 100mm Urethane Wheel Precision Bearing 320kg is built with a robust cast iron wheel core, precision carbon bearings and durable polyurethane wheels. Designed for reliable mobility, its balanced construction supports smooth steering and effective load distribution, making it a practical choice for industrial and trade professionals. The product's technical attributes ensure consistent performance and longevity across varied applications, offering dependable movement and ease of maintenance in demanding workspaces.

Features

- Cast iron wheel core provides robust durability
- Precision carbon bearings provide reliable and low friction rotation
- Cast iron hub offers stability for prolonged heavy duty use
- Urethane wheel design ensures consistent load distribution
- Black and red finish adds clear visibility in all settings
- Durable construction supports both indoor and outdoor applications
- Engineered for heavy loads up to 320kg per wheel
- Easyroll design delivers dependable performance under demanding conditions

Product Code: W85K100

Specifications

Bearing Type	Precision Bearing
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No

Weights

Load Capacity kg	320.0
------------------	-------

Appearance

Product Colour	Black/Red
----------------	-----------

Construction

Wheel Core Material	Cast Iron
Wheel Material	Polyurethane
Bearing Material	Carbon
Hub Material	Cast Iron

Dimensions

Tread Width	49
Axle Bore ID (F)	12.2
Wheel Width (C)	50
Wheel Diameter (A)	100

Weights

Product Weight (grams)	1145
Product Weight (kg)	1.145
