

Easyroll 300mm Urethane Wheel Precision Bearing 2000kg

Description

Easyroll 300mm Urethane Wheel Precision Bearing 2000kg is a product within the Colson X1 Series Castors range designed for heavy load management. It features a cast iron wheel core, polyurethane heavy duty wheel and precision steel bearings that provide smooth, reliable roll performance. Its yellow/black design and included hardware offer a practical solution for trade professionals requiring robust and durable movement systems.

Features

- Durable cast iron hub and wheel core ensure structural strength
- High-quality polyurethane wheel minimises surface abrasion risks
- Precision steel bearings deliver smooth and accurate rotation
- Heavy duty wheel design supports loads up to 2000kg
- Integrated hardware facilitates simple and secure mounting
- Bold yellow and black finish improves visual identification
- Suitable for both indoor and outdoor technical applications
- Engineered for stable performance under demanding operational conditions

Product Code: W91K300

Specifications

Bearing Type	Precision Bearing
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	Yes

Weights

Load Capacity kg	1995.0
------------------	--------

Appearance

Product Colour	Yellow/Black
----------------	--------------

Construction

Wheel Core Material	Cast Iron
Wheel Material	Polyurethane
Bearing Material	Steel
Hub Material	Cast Iron

Dimensions

Tread Width	76.2
Axle Bore ID (F)	19
Wheel Width (C)	76.2
Wheel Diameter (A)	300

Weights

Product Weight (grams)	14.5
