

Easyroll 250mm Red Urethane Cast Iron Wheel Precision Bearing 1200kg

Description

Easyroll 250mm Red Urethane Cast Iron Wheel Precision Bearing 1200kg is a super heavy duty wheel engineered with a polyurethane surface, cast iron core and precision ball bearings crafted from steel. The robust construction provides reliable mobility and effective load support. It optimises material handling tasks in varied workspaces, offering practical efficiency and technical reliability for trade professionals. The hardware included ensures a straightforward installation process.

Features

- Cast iron wheel core offers robust structural support
- Polyurethane wheel designed for enduring performance
- Precision ball bearings ensure smooth rotational movement
- Steel bearings provide additional strength and durability
- Cast iron hub integrates with heavy duty wheel design
- Includes hardware for quick and straightforward installation
- Distinctive black and red finish aids easy identification
- Engineered for precision and reliable everyday performance

Product Code: W95K250

Specifications

Bearing Type	Ball Bearing
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	Yes

Weights

Load Capacity kg	1200.0
------------------	--------

Appearance

Product Colour	Black/Red
----------------	-----------

Construction

Wheel Core Material	Cast Iron
Wheel Material	Polyurethane
Bearing Material	Steel
Hub Material	Cast Iron

Dimensions

Tread Width	50
Axle Bore ID (F)	13
Wheel Width (C)	65
Wheel Diameter (A)	250

Weights

Product Weight (grams)	7800
Product Weight (kg)	7.8
